LANGUAGE

English Language Lab

Headset-based English practice for college language labs. The teacher console can broadcast, monitor seats, and run classroom voice on the LAN so a full class can work without a public video call.

Typical campus specification

Typical seats	Licensed 20 / 40 / 60+ student seats for a live period
OS	Windows 10 or 11 (64-bit) on trainer PC and student PCs
Headphones	Stereo headset with microphone required at each student seat
LAN	Switched Ethernet recommended for voice; Wi-Fi for discovery if needed
Internet in class	Not required. Voice stays on the campus network
Server	Shared Digitech classroom server with licensed English seats
Licensing	Per-seat commercial licence; can share the server with other Digitech labs

What a deployment includes

- Student app and teacher/trainer desktop app
- Teacher broadcast, seat monitoring, and classroom voice
- Designed for wired labs of typical college size
- Seat licences on the shared campus server
