SCIENCE

Virtual ChemLab

Digital chemistry classroom software for science departments. Structured modules sit alongside the wet lab. Faculty run the period from the trainer app; students work at lab PCs on the same Digitech network.

Typical campus specification

Typical seats	Licensed 20 / 40 / 60+ student seats for a live period
OS	Windows 10 or 11 (64-bit) on trainer PC and student PCs
Headphones	Not required for standard modules
LAN	Campus Ethernet or college Wi-Fi; Ethernet preferred
Internet in class	Not required during the period
Server	Digitech classroom server on a lab or faculty Windows PC
Licensing	Per-seat commercial licence; same backbone as language and interview labs

What a deployment includes

- Classroom seating and session control from the trainer app
- Licensed chemistry seats on the campus server
- Fits existing computer labs used by science departments
- Same install pattern as other Digitech classroom products
